Award

Award of this Bid will be made on an "All Or Nothing" basis using the "lowest and best" principle of award.

Delivery Requirements

After award, the vendor shall furnish the Missouri Department of Transportation with a planned delivery schedule at least 24 hours before starting deliveries. Notification should be provided to the maintenance building during the normal workday preceding the day on which the vendor desires to initiate delivery. A representative of MoDOT is to be present when the material is delivered.

Unless otherwise specified in the proposal, **deliveries will be a minimum of 500 Tons Per Day**. No deliveries will be made during the period from 30 minutes before sundown to sunrise. No deliveries will be made on Saturdays, Sundays and holidays unless specifically authorized by the engineer. Note: Many maintenance buildings work 4-10 shifts and deliveries cannot be made on the "off" days for those buildings. This shift information will be provided to the awarded vendor when the purchase orders are issued.

Legal Weights

Provisions of the Missouri Statutes relative to legal weights in regard to axle and gross weights, gross weights in relation to axle spacing and Supplementary Bridge limits all contained in Sections 304.180 and 304.190 RsMO are understood and will be abided by. The Department will not accept loads, which exceed legal weights.

Increase or Decrease Quantities

MoDOT District 2 reserves the right to increase or decrease the quantity of material twenty-five percent (25%). The quantity finally ordered by MoDOT will be furnished by the bidder at the same unit price per ton.

Basis of Measurement for Payment

The quantities for basis of payment are to be determined as provided in Section 310.5 of the 2004 Edition of the Missouri Standard Specifications for Highway Construction and any revisions thereto. Measurement will be to the nearest 100 lbs. for each load when the measurement is by weight. Moisture tests will be rounded off to the nearest 0.5 percent for purposes of computing the deduction for excess moisture (2% moisture allowed).

Liquidated Damages

In the event the successful Contractor fails to deliver the material within the time specified, the Department and the public will sustain damages because of such delay in delivery, the exact extent of which would be difficult to ascertain, and in order to liquidate such damage in advance it is agreed that the sum of one-hundred dollars (\$100.00) per day, per item, for each assessable calendar day on which the delivery has not been completed, is reasonable and the best estimate which the parties can arrive at as liquidated damages, and it is therefore agreed that said amount will be withheld from payments due the Contractor or otherwise collected from the Contractor as liquidated damages. Saturdays, Sundays, holidays and days whereas the Department has suspended work shall not be assessable days.

- d. In the event of a tie of low bids, the MHTC reserves the right to establish the method to be used in determining the award

Remedies and Rights

- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the MHTC of all rights, title and interest in and to all causes of action that the Contractor may have under the antitrust laws of the United States or State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or produced by the Contractor in the fulfillment of the contract with the MHTC.
- c. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request MoDOT to enter into such litigation to protect the interests of the MHTC, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Cancellation of Contract

- a. The MHTC may cancel the contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.

- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately. Upon learning of any such actions, the MHTC reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the Contractor responsible for damages.

In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
